

1. K-LOVE serves me by lifting me up & inspiring me every day. It helps me grow spiritually w/my Lord & Savior Jesus Christ. It encourages me & gives me a positive outlook vs. a depressed life because of my physical disability.

2. It would be a sad day if K-LOVE was no longer heard in our communities here because it is the only gospel some people are able to hear through music; it touches lives of those who are troubled & in trouble, depressed, suicidal, etc.

3.K-LOVE is in the best interest of the public because we need them. You can't put a price on souls that are saved through this ministry, (over 8000 since January this year). They are able to reach people that no one else can reach.
